

Dear Andy

I am emailing to introduce myself as the Arts Coordinator for Alder Hey and to thank you for your extremely generous and kind donation of £5,000 for a piece of art work in the new hospital.

We would like to suggest that your money funds either one of Lucy Casson's bronze foxes (sample image attached) which will be located both in the external main plaza and in the main atrium, or for five of the hand crafted birds which will adorn the hanging sculpture in the main atrium (image also supplied). Please let me know if you have a preference.

A cheque would be preferable, made payable to Alder Hey Children's Charity. The Charity will send you an email in due course confirming the donation and payment details.

Once again, many thanks to you and your company for your generous donation which will benefit the many patients and families who come to Alder Hey.

With best wishes  
Vicky
